

Compact Fluorescent Next Generation CFLs

GE now adds extra small size to the screw-in product line's list of attributes. Not only are these products among the smallest in the industry, they are also some of the longest rated life ENERGY STAR® products available! This broad range of products – including reflectors, 3-way and decorative lamps – offers value to the customer by reducing costs through longer life and reduced energy costs.

Extra small size

Several products are even smaller than their incandescent equivalent!

Extra long life – up to 12,000 hours

These ENERGY STAR qualified products are rated at from 10,000 to 12,000 hours life.

Excellent color rendering

Rare earth phosphors provide bright, vibrant colors (CRI- 82)

Incandescent-like color

Warm, pleasing color (2700K)

Reliable starting

To 5° F (-15° C)

Flicker-free instant start

GE quality

and reliability throughout

ENERGY STAR is a registered trademark of the U.S. Environmental Protection Agency.
